

CITY ENTERTAINS MANY GUESTS

Conversazione Given to Members of the Legislature and Visitors

The city entertained the members of the Legislature, their friends and distinguished visitors from all parts of the Province at a conversazione in the Thistle rink last evening. The function was arranged to introduce the members to the social life of the city in which they will spend the next few weeks and was under the management of the city council and the board of trade.

The rink was tastefully decorated and well arranged for the occasion. Streamers of the national bunting stretching from the centre of the arches to the side walls gave a very pleasing appearance. Seats and side tables laden with refreshments were arranged along the sides while the orchestra occupied a stage in the centre of the floor.

The attendance was very fair. Most of the members were in attendance, many accompanied by friends and a large number of visitors to the opening ceremony had remained for the function. The citizens turned out in large numbers to welcome their guests. Mayor May and members of the City Council represented the city as hosts of the evening.

The function began about 8 o'clock and until midnight the gaily dressed throng promenaded or conversed in groups along the sides and about the tables. At twelve the Lieutenant Governor's party retired and dancing was indulged in for a couple of hours.

Application will be made during the present session of Parliament for the passing of an act incorporating the British Pacific Railway Company with power to build a railway from Victoria, B.C., via Butte Inlet and Albermarle Pass to Edmonton, Alberta, thence to Churchill on Hudson's Bay with a branch to a point on the west coast of Vancouver Island.

SIR WILFRID EXPLAINS

Ottawa, Mar. 16.—In the House today Sir Wilfrid Laurier read the correspondence that took place between himself and Sir Wm. Mulock, when the latter left the administration and went to the Bench, and also explained the circumstances of appointing Mr. Broder to the Department of Marine and Fisheries and giving Mr. Templeton the portfolio of inland revenue. There was nothing new in the explanation. Sir Wilfrid took occasion to mention how leading Conservatives in Victoria had supported Mr. Templeton in the recent campaign.

DEBATE ON THE ADDRESS

Ottawa, Mar. 15.—The debate on the address in the Commons yesterday was very unceremonious as the session progressed and leaders of both parties engaged in wordy duel.

Poster followed the Premier and in turn was followed by a number of lesser lights, including Lake of Qu'Appelle, who declared that great frauds had been committed in the Saskatchewan elections. He said it was reported that a case similar to that from Prince Albert had occurred north of Battleford. The distribution of last year had been partially responsible for fraud in the election in Saskatchewan, which had been won by unfair methods and the people would not be held down by results of this election.

Hon. Mr. Oliver rose at midnight to reply.

He said he had been guilty of the "crime" of going into the recent elections in Alberta and Saskatchewan and had heard three allegations now made as to officials.

He had said that whenever it could be shown that an official of his department had used his position either to intimidate the voter or to hold out improper inducements, he would see that that official was instantly dismissed. He had asked for proof, and not an item of proof had been advanced. (Applause.) He made the same offer now to Mr. Lake, and if he did not bring proof he would expect him to apologize.

The Government officials were given credit for much of the victory in Saskatchewan. Surely then they deserved the credit for the result in Alberta. If that were true they must have great influence over the minds of the general public.

Mr. Oliver did not believe it a crime for an official to have political ideas to express these ideas and to vote. Each case must be dealt with on its own merits.

To say that a government must disfranchise or decitizen its officials was absurd.

Mr. Oliver dealing with criticism regarding actions of Messrs. Nelson and Sutherland, who were fined for making false returns in the Prince Albert election, said that Nelson, who had been a fire ranger, was not in the employ of the department of the interior at the time. Sutherland had recently been employed as an Indian agent. There were no election officials for the present government. For their offense they were punished according to law and he failed to see what the department of the interior could do further than dismiss the officials who were in their employ. Mr. Mooney, who went out as a guide, who knew the country and at whose instance the poll was placed there, was not an official of the department and had not been present although equally guilty.

Mr. Morden asked if a warrant had not been issued for his arrest. Mr. Oliver replied "No serious attempt had been made to execute it and the gentleman named could be seen walking on the streets of Prince Albert on any occasion and he had stated that there was no danger of his being arrested because he had been concerned in similar business for the Conservative party on previous occasions and they did not dare arrest him."

STRATHCONA LIBERALS

Selected Delegates for Nominating Convention on Wednesday Next

The Liberals of the provincial constituency of Strathcona convened last night in the Orange Hall, Douglas Block. There was a large and representative gathering of Liberals, every portion of the constituency being represented, a great number of farmers being present, with President N. B. D. Miller in the chair. The following five gentlemen: Messrs. Mills, Passmore, J. J. Mackenzie, Schatz, and Weir, were appointed a special committee to appoint ten delegates to attend nominating convention to be held in Strathcona, Mar. 21, to choose a candidate for the vacancy in the Dominion Parliament caused by the elevation of the Hon. Peter Talbot to the Senate. This special committee retired and after some time, submitted the following names as delegates to the Nominating Convention, Messrs. J. Groves, J. M. Douglas, A. Schatz, Dr. MacIntyre, Rice, Sheppard, J. J. Mackenzie, J. Fulton, N. D. Mills, Dr. J. W. Hooton, and A. G. Baillie. The choice of the above named delegates was accepted and received the unanimous endorsement of those present. Messrs. Calverly, J. M. Douglas, J. H. Macdonald, Dr. MacIntyre, Ritchie and Weir made short and appropriate addresses. A vote of confidence in the administration of Sir Wilfrid Laurier was passed unanimously and a vote of appreciation of the services rendered us and our constituency by our late Dominion member, now the Hon. Senator Talbot, was passed amid much enthusiasm and Secretary MacIntyre was authorized to send a copy of the resolution to the Hon. Senator. The meeting then adjourned.

Mr. A. S. McGuire, of Campbellford, Ont., has bought out the license, furniture, good will and management of the Windsor hotel, from the late proprietor Mr. O'Hara and Mr. George. It is reported the consideration was about \$4,000. Mr. McGuire has secured the property for his brother, who, at an early date will take over the management.

Mr. Wilson, Pyper, who was for two years proprietor of the Windsor hotel here, is moving his family and household effects to St. Peter, where he is now engaged in the hotel business.

Alderman McFarlane went south this morning over the C. & E. on a business trip.

The Hon. Senator Talbot came in town this evening over the C. & E. from Ottawa. He will remain until after the Rutherford Banquet which takes place next week.

Work has commenced on the foundation of Mayor Sheppard's building, near the Dominion hotel, Wylie avenue.

A slender cut glass vase filled with daisies resting on an eyelet embroidery centerpiece formed the decorations on the artistically arranged table. Covers were laid for eight. The guests included Premier and Mrs. Rutherford, Mr. and Mrs. S. S. G. Van Wart (Calgary), Miss Scott and Mr. Bryan (Calgary).

FAILED TO DELIVER ORDERS

Pueblo, Colo., Mar. 16.—With dead numbering fifty and injured at twenty-five the worst railway wreck in Colorado since the memorable disaster at Eden, occurred early morning on the Denver and Rio Grande near Adobe. East bound train No. 3, telegraphing the forward cars on each train. The coaches at once took fire and flames completed the horror begun by collision. The cause of the wreck is attributed to failure to deliver orders to No. 16 so that No. 3 could pass.

Dr. Clendennan, medical health officer for the Province of Alberta left yesterday for Ottawa to attend the national tuberculosis convention there. R. J. Hamilton left on the same train to represent the agricultural department of Alberta at the Dominion convention to be held in Ottawa to consider the inspection of fruit entering the Northwest provinces or for export. Dr. Clendennan, and Mr. Hamilton will probably be absent from the city about three weeks.

CHOIR CONCERT LAST NIGHT

Splendid Musical Program in Queens Avenue Presbyterian Church

In the way of a musical treat there has been nothing more enjoyable for a good while in Edmonton than the choir concert given by the choir of Queens avenue church last evening, and that Edmonton also has musical talent equal to any city twice her size! and which can provide an evening of great enjoyment to a large audience, was shown last night, when the city's best artists were present, and the auditorium of the church was well filled. One of the most pleasing features of the evening were the selections rendered by W. G. Flawright's mandolin, guitar and piano orchestra. Mr. Flawright has an orchestra of six or seven youthful instrumentalists whose playing is remarkable and which does credit to the training they have received. The orchestra rendered three or four selections during the evening, which were thoroughly enjoyed. Another number of the program which deserves special note was the exquisite rendering of the quartette "Abide with Me," by the Grace church male quartette. The quartette is led by the well-known baritone, Howard Stutchbury, and their singing is something to be commended. Mr. Stutchbury also sang several solos, and his rich full baritone voice was (Continued on page four.)

Sheriff Owens started to take the prisoner to Laramie, but "Blizard" attempted to escape and was shot dead by the sheriff.

TRAITORS TO McCALL

Albany, N.Y., Mar. 16.—Judge Andrew Hamilton appeared unexpectedly and dramatically before the insurance investigating committee late yesterday and in a scathing and sensational speech defended his own fate and attacked the trustees of the New York Life Insurance Company, referring to persons among them unnamed as "curs and traitors" and as having betrayed the late President John McCall to his death. He declared that every dollar ever spent by McCall on account of the New York Life was with the full knowledge and approval of the proper officers of the company.

There Is Nothing That Is Too Good For The Irish!

"From the earliest history of the British Empire, an Empire whose crown would indeed lack lustre without that bright jewel, the Emerald Isle, the sons of Ireland have gone forth without one moment's hesitation or regret to fight and to win the battles of their king. Shall we then ask good of you and be refused—not while the hearts of the British people throb with the warm blood of freeman and of friend. 'What we ask is too good,' you say. NEWSY ITEMS FROM STRATHCONA

The Bulletin's Daily Budget From the Sister Town

Strathcona, Mar. 15.—Mr. John Dawling of Brackville, Oxford county, Ont., came in town a few days ago. Mr. Dawling has been for some time in the lime and limestone business in Ontario. He has sold out his business there to a syndicate of capitalists and came west on a prospecting tour. He has specimens of Alberta limestone in his possession, which he gathered in his tour through this province. Specimens, which he claims, when burnt will make excellent samples of white and grey lime. He will soon return home and make arrangements to come up here again in a few weeks prepared for actual work work in the lime business in Northern Alberta.

The new pumps for the power house came in over the C. & E. lately. They are from the Canadian General Electric Co., Toronto, and weigh six tons each. Messrs. Dixon and Co. are busy transferring them from the cars to the power house.

Mr. R. O. Whipple has just come in from Idaho, U.S. He has been looking over the country for a few days and has already selected a homestead some forty miles from Dayland. A number of friends came up with him and also located in that neighborhood. Mr. Whipple reports that hotel accommodation is not to be had owing to the great western movement of homesteaders.

Messrs W. L. Thompson, and J. D. Ellis have come in from North Dakota and are at the Alberta. They have come to look up desirable locations for themselves and for many friends in Dakota who are waiting to hear from them.

Mr. J. W. Tipton, real estate, went down to Leduc this morning on business.

Mr. A. Garbe is enjoying a vacation and left this morning for a three week's trip to Spokane, Idaho and B.C., where he will visit his many friends.

Strathcona has a quick experienced incoming spring rush of new settlers as hotel and boarding house accommodation was full up last night and beds were at a high premium.

REGARDING TAXES

Editor Bulletin:—Dear Sir:—In your paper of February 23, I saw an article from the pen of D. C. Tiffany Jr., in which he scores Canadian laws and taxes. In fact he resorts not only to falsehood but wishes to give the impression that all the officers big and small are hoodlums and robbers. It is impossible to steal one cent of road or school money in Canada, as the official audit would show the theft. Now as to his statement that the people from the States are not in the habit of paying \$8 per quarter for local improvement tax, it is as false as the rest of his article. Now South Dakota the tax for roads amounted to in the year of 1896 \$8.10; year of 1897 \$7.96; year of 1898 \$7.30; year of 1899 \$8.45. School tax amounted to an average of \$12 each year, and one dollar school poll tax on every male 21 years old in the State. As to commercial investors and speculators, we do not want them investing in our lands, they only invest and then go home to the States and sit down and wait for us to work and make their land valuable. I heard of over twenty men who bought C. P. R. land at \$3 per acre and went home to the States and after three years sold it for \$7 and \$8 per acre, and now some of them ask \$10 per acre. As to our teachers getting \$60 per month we get about \$25 from the Government and only about \$12 in South Dakota, and besides, our general tax in South Dakota was over \$46 per quarter. I have worked road tax every year in Alberta for five years and the men who have worked with me agree that it is the hardest work we do any time in the year. Government in Canada is fully up to the States and administered at 25 per cent of what it is in the States, and further the local improvement tax is all right and does not need any amendments, only a secret ballot.

It is impracticable to allow the voters to vote on the tax for schools or roads as the voters who haven't children will only allow six months school and many taxes only be in favor of \$2.50 road tax, only enough to repair, and nothing to make new roads. The idea of levying 38 per quarter to be worked out at 40 cents per hour or paid in cash, is that speculators will pay in money and create a fund to get scrapers and lumber and pay other expenses while the settler can work out his lot. Now I can drive out all State speculators, or make them help build up their property. Canada for Canadians and don't allow any man to cast a vote on any question who has not his papers of naturalization.

FARMERS ASSOCIATION FORMED

To the Editor of the Bulletin:

The regular meeting of the Belmont Society of Equity was held in the Belmont school house on the evening of February 8.

An invitation had been given to some members of the Alberta Farmers' Association to be present and explain the policy of their organization.

This invitation was responded to by Messrs. Warner, Shappard, Fletcher and Parmelee.

The meeting was favored also by the presence of Messrs. Keen, Brunelle and Spaulding from Poplar Lake.

The meeting opened with President Wilson in the chair. After considerable discussion between the secretary and others it was decided to hear the visitors from the south of the river.

Mr. Fletcher from Ellerslie was called upon first. He said it embarrassed him somewhat to attempt to speak where his invitation was in dispute.

However, he would try to comply with the wishes of the majority on this occasion. He was not disposed to draw unpleasant comparisons, but would aim to correct a misimpression which had gone abroad. It was this: It had been stated in several places, once in his own presence by Mr. Owen A. Beaumont that Messrs. Warner and Stevens had left the American Society of Equity and taken the local society to which they belonged with them and formed a new organization south of the river.

The speaker stated that Mr. Owens had said at Beaumont that these men had done this partly to make offices for themselves. Mr. Fletcher said he wanted it understood once for all that neither Mr. Stevens nor Mr. Warner had anything to do with the first movement for an all-Canadian Association south of the river. He told of the first meeting at Rabbit Hill and how at a subsequent meeting Mr. Keen accepted an invitation to explain the working of his society.

The meeting was very large and representative. The speaker said that he himself was chairman on that occasion and that he had no trouble to secure for Mr. Keen a good attentive hearing.

Mr. Keen had put a resolution to the house that this meeting be in favor of adopting the constitution of the A. S. of E. All attempts to get anyone to second that resolution met with failure.

The discussion that followed was to the effect that headquarters in a foreign country was a dead letter. It was a handicap to us in all our efforts, particularly our legislative work.

The meeting then proceeded to appoint a committee to select an all-Canadian proposition. This committee represented seven school districts: Mill Creek, Oliver, Okavon, Rabbit Hill, White Mud, Sprucevale and Great West. This decision was for the Territorial Grain Growers Association until such time as Alberta became a province. Mr. Fletcher got a few more minutes to show that the relationship between the Alberta Farmers' Association and the Government was not political but just commercial. It was much the same as that which exists among business people, and that their business policy was just fashioned after successful institutions all over the country.

Mr. Warner prefaced his remarks with the assertion that he was glad that his friend from Ellerslie had cleared away the old-fashioned which had been so often stated. But he said he had another grievance yet. That was in reference to the effort that had been made to amalgamate the two institutions last fall. Mr. Warner said that the Territorial Grain Growers Association had appointed a committee to meet the American Society of Equity and that committee had drawn up a constitution representing their ideas and expected the A. S. of E. to do the same. Then from those two a puttable one could be arranged. By this means he had hoped they would quickly come to terms. Mr. Warner said that he did all he could to have a vote taken to decide if the meeting was in favor of amalgamation or not, but these gentlemen from Poplar Lake obstructed the vote and insisted on confining the discussion to the proposed constitution and telling the people that the Territorial Grain Growers Association expected them to swallow their constitution or nothing. So, continued Mr. Warner, I want it distinctly understood that Mr. Keen prevented the union and is now responsible for the battle that has been carried on.

Mr. Warner thanked the meeting for their time and attention. Organization work was proceeded with under the constitution of the Alberta Farmers' Association. Officers appointed:

W. A. Wilson, president.
 Howard Runnalls, vice president.
 Alex. Allan, secretary-treasurer.
 Belmont Local Court consists of sixteen members.

MISREPRESENTING HIS BRETHREN

In his annual address to the Alberta Orange Grand Lodge in Calgary on Wednesday the Grand Master of the Order took the opportunity of referring to the autonomy bills and of saying in this connection that while he believed that the majority of the Orangemen in Alberta had opposed the bills he was "sorry to see that some failed to see the importance of the question when brought before them and failed to realize the sentiments embodied in their obligations as Orangemen and supported parties for legislative honors who were willing to sacrifice principle for position." The privilege of expressing his personal views or convictions on the autonomy bills or any other bills is undoubtedly the right of the Grand Master, but when the occupant of that office presumes on the prestige of his position to impeach the intelligence or the integrity of the members of the Order he is exceeding both his duty and his prerogative. That a considerable number of Orangemen in the Province of Alberta supported those candidates for legislative honors who gave their endorsement to the autonomy bills is admitted in the speech of the Grand Master, and that these gentlemen in the matter of information, judgment and loyalty to the principles of the Order, do not fall below the standard of their brethren is amply testified by the positions within the Order to which they have been called. When therefore the head of that Order condemns the attitude of these gentlemen on a political question as originating in a lack of intelligence or a lack of loyalty he is using the office to which he has been exalted as a pedestal from which to launch dogmatic personal opinions which reflect upon the ability or character of those quite as fully in the confidence of the brethren as himself and offers a corresponding compliment to the brethren who have reposed their confidence in these gentlemen. The Orangemen of Alberta who exercise the right of private judgment and independent action in their political relationships will admit the right neither of the Grand Master nor of anyone else to read them out of the Order for so doing.

THE SESSIONAL PROGRAM

The sessional program outlined in the speech from the throne promises as regards both quantity and quality ample employment for the Provincial legislators during their first session. A considerable portion of the session will naturally be occupied in considering the organization and re-organization necessary to secure the prompt and efficient management of public affairs under the new conditions of provincial life. As indicated in the speech however, the Government will not rest content with readjusting the machinery of administration to continue the work already begun by the Territorial Assembly, but will invite the attention of the House to measures providing the legislative foundations for new Government enterprises and to amendments calculated to make more efficient and practicable several of the laws inherited from the Territories.

The Legislature begins work with a legacy both of legislation and administrative undertaking from the former Territorial Assembly, and it is reasonable that the first consideration should be given to adapting this heritage from the past to the conditions of the present. The West is changing rapidly and the purposes and opportunities of government are changing with it. For many years past the aims of the Territorial Assembly was occupied less in the creation of new legislation and the institution of new undertakings than in amending existing legislation and re-modeling and extending the existing executive functions of the Government. If such alterations, both in law and policy were made necessary by the advancement of the country under Territorial conditions the necessity is comparatively greater under Provincial conditions. The Territorial status was provisional and the purpose and opportunity of government limited to the making of laws and the adoption of policy designed for the temporary peace, order and good government of the people; the Provincial status is permanent and the purpose of government is determined and the opportunity of government limited only by the possibility of future development under those conditions.

This fixity of provincial status provides the basis and creates the opportunity for broader governmental policy than was possible or desirable under the Territorial condition. In a certain degree of supercedence by broader powers and greater financial resources foundations could scarcely be laid for the future with any assurance that these would be found readily applicable to the new order of things or sufficient for the opportunities which would be created or would appear under the order. Under the known conditions of Provincial life such foundations can be fixed in the light of those conditions and with clearer knowledge of the trend and extent of future developments. In the forecasted legislation the recognition of the broader opportunities thus afforded is amply apparent.

FIFTH ANNUAL STATEMENT OF THE CROWN LIFE INSURANCE COMPANY.

REPORT OF THE BOARD OF DIRECTORS.

For Year Ending 31st December, 1905.

In submitting for the consideration of the shareholders their report of the Company's operations for the year ending 31st December, 1905, your Directors are pleased to be able to report such steady and substantial progress as must commend itself to shareholders and policyholders alike. The quality of the business has maintained the same high standard of excellence and value at which the management has aimed since the inception of the company.

During the year new applications for insurance aggregating \$1,602,425 were received by the Company. Of this amount policies for \$1,301,925 were issued and taken, the balance, \$300,500, being the amount declined, deferred and not taken. At the end of the year there were in force a total of 2,199 policies for \$1,704,744 of insurance, representing a premium income of \$147,632.13. The average amount of each policy is thus shown to be \$1,685, and the average premium rate per thousand of insurance is nearly \$40.00.

From premiums received during the year the Company derived a cash income of \$135,459.37, in addition to which the deferred and outstanding premiums at the end of the year amounted to \$35,201.52. The Company's assets during 1905 increased by \$93,000.16, and the total assets are now \$258,084.80, as compared with \$165,084.64 one year ago.

The continuance of great care in the selection of risks enables us to report a very small death loss for the past year, the net death claims amounting to only \$15,590 under seven policies.

The Company's liability to policyholders is now represented by a net reserve fund of \$232,041 on the basis of the present Government standard of valuation (H.M. 3-1-2 per cent.). Against this liability the total security to policyholders from all sources amounts to \$620,435.60, as set forth in the financial statement, which has been duly audited, and which is submitted herewith.

The Directors desire to express their appreciation of the faithful and efficient services rendered by the Head Office staff and by the Company's managers and agents throughout Canada during the past year.

D. TISDALE,
President.

A. H. SELWYN MARKS,
Secretary.

never in better shape. He rendered "Lord God of Abraham," from Mendelssohn's oratorio, Elijah, and also the "Song of the Turnkey." Miss Ethel Webster sang "The Creole Love Song," with her usual power and expression. Little Miss Jessie Cameron, who is as popular in the city, if not more popular than many an older singer, sang several sweet solos, which indicated better than ever that she was a born singer, and has a future before her as a soloist. Miss McAmmond, the elocutionist from the college, with her charming manner, recited selections that were heartily applauded. Mr. Percy Hook, musical director of the College, was also present, and his playing, splendid as it usually is, was greatly enjoyed. His rendering of Barovsky's "Meditation" was full of expression. The sweet little Irish air, "I'm Sitting on the Stile," sung by Jackson Hanby, took the audience by storm, his exquisite tenor thrilling everybody with the sentiment of the song. He was encored. The selections and part songs given by the choir were very well rendered. Mr. S. Robertson sang "The King of the Main," and also pleased the audience with an exhibition of club swinging, at which everybody knows he is an expert. The proceeds of the concert are to go towards the purchase of a new organ, which has not yet arrived, but is expected in a day or two.

YOUNG MAY LEAD
THE OPPOSITIONCalgary Man Looked Upon as Logical
Candidate in Lethbridge and
Standard Bearer for the
Helpless Party

J. J. Young, of Calgary, proprietor Herald, and for four years member of the legislative assembly at Regina, is being spoken of in the press throughout Manitoba and Saskatchewan as the logical candidate for the Alberta legislature in Lethbridge and—providing election is secured—leader of the Conservative party for the province.

Mr. Young is a visitor in the city today, having come up from Calgary to attend the opening of the legislature and was seen this morning by the Bulletin. Mr. Young stated that aside from an article published in the Regina Standard and published in the Calgary Albertan, he had heard nothing of the matter, and so far he had not been consulted. He said that there was no swerving in his allegiance to the Conservative party but that he was out of politics and that he did not see how he could spare the time and money to re-enter the arena. However, he would not say anything definite until he returned to Calgary and consulted with his friends.

The Regina Despatch referred to says, in part:

"There is every indication that John J. Young, editor of the Calgary Herald and one of the most prominent of Alberta's Conservatives, will contest the seat made vacant by the resignation of Dr. DeVeber to take a seat in the senate, and will take the place of R. B. Bennett until election day, as leader of the Opposition. The Standard has it on what is considered reliable authority that Mr. Young will again take the field and enter upon what promises to be an active political life.

"Neither of the two members of the Conservative party who now hold seats in the Alberta House possess qualifications which would point to them as the men to pull the party out of the apparently hopeless rut in which it now appears to be. Mr. Hebert and Mr. Robertson are both quite capable of representing the respective districts for which they were elected, but neither is considered sufficiently brilliant to lead the party. For that reason it will fall to Mr. Young to become leader of the forces of the Conservative party of the province. Should he be elected for the seat there is no doubt he will have charge of the Opposition end of the legislature."

The doctor could not relieve him. He used two bottles of Shiloh and was completely cured. It has no equal."

THE LETHBRIDGE STRIKE

A Lethbridge despatch to the Calgary Herald says: The strike of the coal miners here is likely to develop into something more serious than was at first supposed, and unless an agreement is arrived at between the company and the men very shortly it is likely that the entire coal industry of the Lethbridge district will be paralyzed.

The Alberta Railway and Coal Company do not care to make any statement as to the strike, but apparently the company do not see their way to grant the miners terms and requests. In an interview with F. H. Sherman, president of District No. 18 of the United Mine Workers of America, the position of the men is given. It appears that until recently the Lethbridge miners did not belong to the United Mine Workers of America, but upon becoming affiliated with this organization it was decided by that body that the same conditions of labor should exist at Lethbridge as at other points within district No. 18, that is Fernie, Frank, Tabor, Canmore, Banff, etc.

An agreement similar in most respects to those entered into by the other companies between them and their employees was submitted to the Alberta Railway and Coal Company. However, after some discussion, the parties could not agree. Hence the strike which may prove a very serious matter. The main points of difference are four in number. Mr. Sherman states:

1. The men ask for check weighing, which system has hitherto been granted to them in B.C. mines by virtue of provincial law.

2. They also ask to be paid for that part of the product which goes through the screens. Hitherto, it is stated that all coal going through a 12-2 inch mesh screen was not allowed to the miner in his contract, they receiving pay for eighty per cent. of their mining work. The present request is that they be paid for such portion of the 20 per cent going through the screen as is marketable.

3. Another point of difference is the check-off system to which the owners do not care to agree, a system whereby the owners deduct all fees, dues and initiation fees from the wage of the miner and due to the United Mine Workers' Association by such miner. This clause is on all other clauses of the association's agreements.

4. The last point is that of the minimum wage. "Any miner failing to earn the minimum rate of three dollars per shift owing to any abnormal condition of his working place, shall be paid by the company a sufficient sum." This clause is also in the amount to secure him the said minimum wage.

These, then are the main obstacles preventing a settlement of this strike so far as Mr. Sherman explained them. This association has command of an immense fund and are prepared to continue the struggle for a long time, the men and their families all being maintained in comfort during the strike. Tenders are being called for by the association for the supply of provisions for the strikers.

It is rumored that the engineers are coming out in sympathy with the men, and the pumps are at present being operated by the pit officials. Everything else is very quiet and good order prevails at present. Any of the other men affiliated with district No. 18 referred to are at liberty to work double shifts according to miners' rules in order to increase output to fill deficit caused by the shutting down of the Lethbridge mines. Mr. Sherman, as president of this organization, gave us some very interesting figures as to men employed in the affiliated mines in Alberta. He states that Alberta coal mines will go ahead of British Columbia mines, both in number of them and output, as they are nearer the market, which is, of course, for domestic coal for the prairie towns.

The total number of men employed on the Crow's Nest Companies B. C. mines is about 1,750 at the outside, and he gives us the following details of men employed in Alberta, who are all members:

Lethbridge	524
Lille	225
Canmore	275
Frank	192
Banffhead	320
Hillcrest	36
Belle View	78
Lakeview	56
Tabor	160

A preponderance of Alberta miners over B. C. miners of over 300 men. An endeavor is being made to organize a public meeting, when the men and pit loaders who are anxious to explain their position to the citizens and merchants of Lethbridge.

—St. Patrick's day.

—The Saturday night club will meet tonight.

—The students of Alberta College have reserved 50 seats for the Edna Sutherland recital on Monday evening.

—On Tuesday evening, when Edna Sutherland will give her masterpiece "Everyman," in the Baptist church, Mrs. Bennett will render a solo.

—The plan for the Fifth-Eaton Concert Co., who are billed to appear here on Monday evening Mar. 26th, will open at Archibald's drug store Monday March 19th.

—Prof. Riddell will conduct service in the McDougall church tomorrow morning and in Grace church in the evening. Rev. A. S. Tuttle will preach in Grace Methodist church in the morning and in McDougall church at the evening service.

—In celebration of St. Patrick's Day the Irishmen of this city and their friends will hold a banquet in Robertson's Hall to-night at 9.30. Irving's orchestra has been engaged for the evening and there will be a musical program. The ladies will do the catering.

—Rev. Archibald Ewing will conduct the services to-morrow in the First Presbyterian church. His subject in the evening will be "Christianity in Public Life." A splendid programme of music has been prepared for the social hour in the basement after the evening service.

—Randall & McKay, builders have taken out a permit to build a \$1000 residence on Picard street, between Kinsland and Syndicate, which is being built for sale. W. W. Hodson is building a \$500 residence on the same street between Kinsland and Namayo.

—From a Tacoma paper comes the notice of the death of Jeanette Blake, daughter of Mr. and Mrs. Geo. Blake. In the hospital there, of typhoid fever, at the age of 17 years. Three other members of the family are in the hospital with the disease, and Mr. Walker has but recently recovered. Miss Walker was well known in Edmonton, having lived with her father and mother a few miles from the city. She is a niece of Hugh McKay of Edmonton. A large number of the high school pupils of Tacoma attended the funeral.

—J. G. Edgar of Calgary, arrived in the city yesterday to open a branch here of the Dominion Brokerage Co., to handle their manufacturers agency and wholesale commission business in this city. Mr. Edgar intends opening an office in the city, which he will take charge of himself and will build or lease a warehouse for storage purposes. The Dominion Brokerage Co., is doing a heavy manufacturers and commission business in Calgary, but finds that Edmonton is the proper centre from which to supply the northern trade.

—A belated snow storm which promises to be the most pretentious of the season, arrived yesterday from the coast where it has been raising havoc with shipping and the fruit orchards, and is scattering clouds of snow across the prairies, to make the harvest grow. Old timers have been entertaining fears for the past six weeks that spring would open up too dry for seeding owing to the lack of snow all winter, but the snow fall of today, if it continues for the next twenty-four hours will insure the Edmonton district against any danger of a dry spring.

—The debate which took place in Strathcona last evening between two gentlemen from the Edmonton High school and two gentlemen from the Grandin street school, resulted in a victory for the Edmonton boys. The debate was on the tariff question. Messrs. Bragg and Knott of Edmonton, advocated a preferential tariff, while Messrs. Kettys and Hollies, of Grandin school, took the negative. Their addresses lasted an hour, and were very interesting. Principal Rae, of Edmonton high school, was chairman for the evening and there was a short program of music and recitations. A large number of Edmonton students went across to support their speakers.

—Archibald McKillop, of the Ryan Shoe Co., of Winnipeg, spent a few days in the city this week looking up a site for his company to establish a wholesale shoe house as a branch of the Winnipeg institution. Any more than stating that his company intended to build here and open in the city at the earliest date possible, Mr. McKillop did not make any statement to his friends in the city and it is not known what property he has options on. The indications are that other shoe houses also are figuring on establishing branches here in the near future, no doubt being forced by the McCready Company opening up in Edmonton. The Ames-Holden travellers, it is known, are taking orders throughout the country subject to delivery from Edmonton and are assuring their customers that they will be doing business here before the goods are delivered.

Mrs. Bulyea was wearing a beautiful gown of white chiffon. Mrs. A. L. Sifton received at the entrance to the dining room, and wore an effective gown of mauve crepe de chene, inlaid with Maltese medallions. The dining room was done with white roses and carnations, the table being centred with the same flowers. Mr. Speaker Fisher and Messrs. Adamson and Douglas assisted here and were most attentive in looking after the wants of the many guests. The Richardson Orchestra discoursed sweet music all through the afternoon.

The finishing touches are being put to the Norwood block by the electricians, painters and decorators and the new building will probably be tenanted before the first of the month.
